

CDL ENVIRONMENTAL INITIATIVES

The following CDL Environmental Initiative covers the implementation and enforcement of CDL's environmental vision and charter. It includes all areas of CDL's activities and will result in an Environmental Management System based on the principles of ISO 14001 CDL will implement the preservation of the environment into its business principles and guidelines.

CDL's Green Vision

"CDL is committed to protecting the natural environment in the communities where it does business and will proactively promote the preservation and renewal of resources and will consistently practice socio-ecological responsibility in all operations with a focus on the continuous interests of current and future generations."

Sean Durack (CDL Environmental Management Representative)

CDL's Green Charter

1. CDL incorporates in its business principles and processes efforts to maintain and improve the environment through careful use of resources, avoidance of waste and responsible conduct in all environmental issues.
2. CDL will comply with all environmental laws and regulations as well as the requirements of customers and other business partners. CDL will support business partners in achieving their regulatory objectives.
3. CDL will establish ecologically responsible conduct as an integral element of its management review process and will define corporate goals for environmental protection
4. CDL will implement a documentation process for all environmental issues (related to its business activities) which facilitates reviews and audits whenever required.
5. CDL will seek preferred partner status with suppliers and customers, based on its environmental strategy.
6. CDL will include all employees and other major stakeholders in regular communication regarding its environmental efforts.

Since June 2010 CDL has been registered to act as a Carrier and Broker of Controlled Waste. All of our waste is disposed of in a controlled manner and we can provide and advise on recycling services to our customers.

In 2015 CDL was awarded the ISO 14001 environmental management system. CDL will continue to set new milestones for each fiscal year that will be approved by the CDL Board and then executed.
